PERSONAL SUMMARY

Khalid Al-Sarayreh started his career with the Hashemite University since 2011. He is now an **Associate Professor** of Software Engineering at the Hashemite University in Jordan since December 2016. He has a PhD degree in Software Engineering from University of Québec in Canada. He also has a Doctoral degree in Computer Information Systems, MSc in Computer Engineering (Embedded Systems) and BS degree in Computer Science from Jordanian Universities. He served during **28 years** in both national and international institutions, such as KADDB (King Abdullah II Design and Development Bureau), Jordan University, Faculty of Information Technology at the Applied Sciences University (Jordan), (GELOG Lab) at University of Quebec in Montreal as a software engineering researcher. With over **80 publications**, his research interests include: Software Quality Engineering, Software Quality Assurance using international standards, Software Requirements (Functional and Nonfunctional requirements), Software Measurement, Software Reuse, Software Engineering Standards (ECSS, IEEE and ISO).

EDUCATION

Ph.D. of Engineering

Sept. 2008 – Sept. 2011

Department of Software Engineering and Information Technology, School of Higher Technology
University of Quebec, Montreal, Canada.

Thesis: Identification, Specification and Measurement, Using International Standards of the System Non Functional Requirements Allocated to Real-Time Embedded Software

M.Sc. of Computer Engineering (Embedded Systems) *Sept. 2002–Aug. 2004*

Department of Computer Engineering (Alhijawi).
Yarmouk University, Irbid, Jordan.

EDUCATION

Research Project: Security System using Voice Recognition chips

B.Sc. of Computer Science

Sept. 1989 - June 1993

Department of Information Technology
Mu'tah University, Karak, Jordan.

PROFESSIONAL CERTIFICATES

- Doctor of Philosophy in Computer Information Systems, Jordan, 2005.
- Bio informatics Research Conducted by Cornell University, USA, 2007.
- Imagery Analyst Training Course, Ministry of French Defence, Paris, 1998.
- Advanced Computer Networks, Royal Scientific Society, Jordan, 2001.
- Erdas imagine Professional and Virtual CIS, Jordan, 2003.
- 7 Oracle Certificates from ITCC, Jordan, 1999.
- Many Certificates in Computer programming from RJAF, Jordan.
- MS-Visual Languages, Middle East Academy for Applied Sciences, Jordan, 1999.

ACADEMIC QUALIFICATIONS

- Strong theoretical background in software engineering.
- Over 10 years of experience in scientific research.
- Over 10 years of experience in teaching at university level.
- Testing the website for functionality in different browsers and at different resolutions.
- Ensuring that the web site is accessible to all groups including those with disabilities.
- Accurately updating administrative records of software engineering projects.
- Organising and setting up conferences and meetings.
- Producing informative well-organized reports to senior management.
- Software engineering metrology and measurements for improving different quality levels of organizations.

SCHOLARS AND AWARDS

- University of Québec Award–Honor Student, 2009.
- University of Québec Award –Honor Student, 2010.
- University of Québec Award –Honor Student, 2011.
- Scholarship for Master degree in Embedded systems from KADDB and JAF, 2002-2004
- Scholarship for Bachelor degree in Computer Science from JAF, 1989-1993.

WORK EXPERIENCE

- Sept. 2019 to date: Associate Professor of Software Engineering, Hashemite University, Faculty of Prince Hussein Bin Abdullah II for Information Technology, Department of Software Engineering
- Sept. 2018-Sept. 2019: Associate Professor of Software Engineering, Prince Sultan University, Collage of Computer and information systems (CCIS) Department of Software Engineering

	<ul style="list-style-type: none"> • Dec 2016 to Sept. 2018: Associate Professor of Software Engineering, Hashemite University, Faculty of Prince Hussein Bin Abdullah II for Information Technology, Department of Software Engineering • Sept. 2011 – Dec 2016: Assistant Professor of Software Engineering, Hashemite University, Faculty of Prince Hussein Bin Abdullah II for Information Technology, Department of Software Engineering • Sept. 2008 – Aug. 2011: Researcher (GELOG Lab), University of Quebec, School of Higher Technology (ETS) • Feb. 2007 – Feb.2008: Assistant Professor Applied Science University, Department of Computer Information Systems. • Feb. 2005 – Jan. 2006: Lecturer, Jordan University, Department of Computer Science (KASIT). • Aug. 1989 – Jan. 2005 System Analyst, Programmer, Computer Center and KADDB.
PROFESSIONAL ACTIVITIES	<ul style="list-style-type: none"> • Committee member of software engineering standards, JTC1/SC7, workgroup 6, Software Evaluation and Measurements, 2010 – to date. • Committee member of software engineering standards (COSMIC), a functional size measurement method, ISO/IEC 1976:2011 – to date. • Organizing committee for different international conferences in software engineering. • Reviewers for many international journals in software engineering. • Member of different accreditation and quality assurance committees for the Higher Education Accreditation Commission, for accrediting various IT programs at different universities such as Ajloun University and Petra University.
COMMITTEES AND SERVICES	<ul style="list-style-type: none"> • Committee Member: Council of the IT College as the representative of SE Department (2014 – 2015). • Chairman of the Commission Seminars and Lectures Committee of the IT College (2011 – 2012, 2015 – to date) respectively. • Chairman of the Quality Assurance Committee of the SE Department/Faculty, (2015 – to date). • Member of the Appointment and Promotion Committee of the IT College, (2013 – 2014).
THESIS / DISSERTATION SUPERVISION	<ul style="list-style-type: none"> • Trade-off Model of Software Requirements for the Application of A balance between Security and Usability Systems, Lina Hassan, Master Level, Hashemite University, Department of SE, Feb. 2015- Dec. 2015. • Capability Maturity Model of Software Requirements Process and Integration, Sireen Najjar, Master Level, Hashemite University, Department of SE, Feb. 2015 – May 2016. • Cost Estimation Framework for Software Projects, Shata Al-Qudah, Master Level, Hashemite University, Department of SE, Sept. 2015- June 2016. • Configuration Management for Embedded and Real Time Software in Software Engineering Domain, Hanan Al-Zawahreh, Master Level, Hashemite University, Department of SE, Feb. 2016 – April 2017.

TECHNICAL SKILLS AND TECHNOLOGY

Soft goal, SCRUM Tool, Java Language, UML, Rationale Rose, MS Visual Studio, C\C++, XML, ISBSG Data Set for empirical studies.

FUNDING & RESEARCH GRANTS

- 50,000\$, PI. "Developing a handy and low cost medical system to take images of the Ocular fundus". Funding agency: Scientific Research Support Fund (SRSF), Jordan, January 2016- January 2018.
- 12,000\$, Build an E-Glass for the Blinds, Funding agency: Deanship of scientific Research – Hashemite University (March 2013 – OCT 2015).

Taught Courses

- Object Oriented Programming (Java, C++)
- Graphical User Interface (GUI)
- Formal Methods (Z Notation)
- Human Computer Interaction (HCI)
- Software Engineering Requirements (SER) (**Master and BA Levels**)
- Software Quality Engineering (SQE) (**Master and BA Levels**)
- Software Project Management (**PSU, KSA**)
- Software Design and Architecture (**PSU, KSA**)
- Software Maintenance and Evolution (**PSU, KSA**)

DOCTORAL THESIS

- **Khalid Al-Sarayreh**, Identification, specification and measurement, using international standards, of the system non-functional requirements allocated to real time embedded software", École de technologie supérieure, University of Quebec, Canada, Sept. 2011.
<http://espace.etsmtl.ca/923/>

PROGRESSING & SUBMITTED RESEARCH STUDIES

- *Systematic literature review of Software Cost Estimation for Software Engineering Domain.*
- Early Identification, Specification and Measurement of System Non-Functional ***Interface Requirements***.
- Towards on Measurement of Software Requirements Derived from ***System Reliability***.
- Toward an Early Addressing and Measuring of System ***Performance Requirements***.
- System ***Security Requirements***: Early Identification, Specification and Measurement based on International Standards
- A Confusion Use of ***Apriori and Posteriori Context for Estimating Cost*** in Renewable Energy Project. International Journal of Information and Communication Technology.
- A Standard Based Reference Framework for System ***Adaptation and Installation Requirements***.
- Towards A Standard-Based Reference Model of ***Software Resources Quality***.
- ***Handless Mouse Software*** for Common People with Disabilities Using Head Movements
- A Comprehensive Survey of ***Software Engineering Principles*** in Software Engineering Domain.

PRESENTATIONS & WORKSHOPS

- Sorbonne University, Sept. 2012, “A Standard Based Reference Framework for System Adaptation and Installation Requirements” Paris, France.
- University of Quebec, ETS, July 2009, “Non-Functional systems Requirements allocated to Embedded Software (future and challenges)” Montreal, Canada.
- Renault Company, Research Center, December 2009, “Non-Functional Requirements (Modeling and measurements their functional size) - Industry Research Track” Paris, France.
- Versailles University (Workshop), December 2009, “Non-Functional Requirements (Modeling and measurements their functional size) – Academics Research Track”, Versailles, France.
- Van Hugo School (Workshop), December 2009, “Non-Functional Requirements (Modeling and measurements their functional size) – Academics and industry Research Track”, IWSM 2009 Conference, Amsterdam, Holland.
- Concordia University, January 2010, “Generic Models for specifying Non-Functional Systems Requirements based on ECSS, ISO and IEEE standards” Montreal, Canada.
- School of Higher Technology (ETS), University of Quebec, Main Campus, June 2010, “Generic Models for specifying Non-Functional Systems Requirements based on ECSS, ISO and IEEE standards and measurement their functional size using COSMIC method (ISO 19765)”.
