1. Attendance is mandatory. Previous experiences indicate that there is a strong and positive correlation between attendance and exam scores. The lectures will cover materials not all in the textbook, and you can save yourself a lot of time and frustration by showing up and paying attention in class. Furthermore, you will miss out understanding the assignments required from you.
2. The Hashemite University attendance policy excuses students from attending class if they are participating in officially sponsored university activities, such as athletics or in religious holydays. Students should contact the instructor in advance of the excused absence and arrange to make up missed work or examinations.
3. Kindly use your official university email when corresponding with the instructor.
4. Students should not carry conversations with each other, or talk to cell phones during class lecture and discussion.
5. Students are not allowed to read non-assigned materials.
6. It is the student responsibility to inform the instructor "a week" prior if there is a conflict with an exam.
7. It is forbidden to bring your mobile cell phone for calculation purposes. It is only allowed to use the calculator.
