Course Description:

This course provides with an insight into the strategic management of sports events of all scales and types, from international mega-events to school sports.

General Aim and Rational:

The hosting of sports events – whether large international events, or smaller niche events – can have a significant and long-lasting impact on the local environment, economy and society. Combining a unique conceptual framework with a practical, step-by-step guide to planning, organizing, managing and evaluating events, this *course* explains the importance of adopting a strategic approach, showing how to implement strategies that lead to successful outcomes over the short and long-term.

Recommended Text:

Masterman, G. (2014) Strategic Sports Event Management: An international approach, (3rd ed.) Routledge
