**Syllabus: Radiological Imaging Procedures (1)
Second Semester 2021- 2022**

COURSE INFORMATION

Course Name: Radiological Imaging Procedures (1) Semester: Second Department: Department of Medical Imaging Faculty: Faculty of Applied Medical Science	Course Code: 140508221 Section: Compulsory Core Curriculum: Compulsory
Day(s) and Time(s): Tuesday: 11 :30-1:30 Classroom: ع ط 204	Credit Hours: 3 (2 Theory + 3 Lab hours) Prerequisites: 140508212 and 140501211 or concurrent

COURSE DESCRIPTION

Specific skills are required to perform and evaluate radiographic examinations of the chest, abdomen, upper extremities, and lower extremities with emphasis on image quality, patient care, and adaptation to a variety of client conditions. Labs are included

DELIVERY METHODS

The course will be delivered through a combination of active learning strategies. These will include:

- PowerPoint lectures and active classroom-based discussion
- Practical application in the radiography clinic
- Relevant films and documentaries

FACULTY INFORMATION

Name	
Academic Title:	Assistance Professor
Office Location:	ع ط 3166
Telephone Number:	5357
Email Address:	<i>kholouds@hu.edu.jo</i>
Office Hours:	Monday Wednesday <i>Please send an e-mail (--kholouds@hu.edu.jo) to meet at any other time.</i>

REFERENCES AND LEARNING RESOURCES

Required Textbook: There is no required textbook for purchase. All compulsory weekly readings are available electronically on Microsoft teams.

Suggested Additional Resources: Radiographic anatomy & Positioning. Bontraager K.L, Anthony BT. Elsevier. 2018,2020. 9th and 10th

STUDENT LEARNING OUTCOMES MATRIX*

Core Curriculum Learning Outcomes	Program Learning Outcomes	Course Objectives	Course Student Learning Outcomes	Assessment Method
<p>Think critically and creatively in a variety of methods in order to make decisions and solve problems</p> <p>Communicate competently with others using oral and written English skills</p>	<p>KP1: Develop an understanding of human anatomy and physiology as it relates to health and disease and acquire competency in medical terminology, documentation</p> <p>KP2: Understand the principles and physics of medical imaging technologies such as general X-ray, CT, MRI, ultrasound, fluoroscopy, nuclear medicine, dental radiography, and mammography and relate medical research</p> <p>KP3: Develop and implement protocols for medical imaging procedures, including patient positioning, patient care,</p>	<p>Understand position terminology</p>	<ul style="list-style-type: none"> • You will differentiate between different radiographic procedures and basic terms • Basic position terminology • Different body parts positions 	<ul style="list-style-type: none"> • Exams • Lab practical

	<p>proper exposure factor selection, appropriate radiation protection measures, demonstrating technical competence, and the use of contrast agents</p> <p>SP1: Demonstrate depth of knowledge and integrate it of the basic scientific principles of all medical imaging technologies for the implementation of various protocols and techniques and to conduct scientific research in this field</p> <p>SP2: Use creativity, critical thinking, analysis, and research skills to modify standard procedures to adapt to new circumstances, difficult cases, or unusual situations while maintaining appropriate medical imaging quality.</p>			
--	---	--	--	--

	<p>SP3: Evaluate and criticize all types of medical images</p> <p>CP1: Access, evaluate, and provide medical imaging requirements</p> <p>CP2: Recognizing the need to learn from professional learning, managing learning in the field of medical imaging in an integrated manner, and acquiring continuous learning skills</p> <p>CP3: Demonstrate professional identity and responsibility with patients, colleagues, employers, and society, with ethical and professional behaviors and attitudes in the practice of health care.</p> <p>CP4: Produces high quality, diagnosable medical images by applying positioning</p>			
--	---	--	--	--

	skills, selecting technical parameters, and using radiation protection.			
		<ul style="list-style-type: none"> • Perform the different positions for upper extremities • Indications for each radiograph 	<p>You will be able to perform:</p> <ul style="list-style-type: none"> • Radiographic positioning of the hand, fingers, and wrist • Radiographic positioning of the forearm, elbow, and humerus • Radiographic positioning of the shoulder girdle and scapula • Evaluate the corresponding images 	<ul style="list-style-type: none"> • Exams • Lab practical
		<ul style="list-style-type: none"> • Perform the different positions for lower extremities • Indications for each radiograph 	<p>You will be able to:</p> <ul style="list-style-type: none"> • Perform different radiographic positioning of the foot and ankle joint • Perform different radiographic positioning of the leg, knee joint, and distal femur • Perform different radiographic positioning of the proximal femur, hip, pelvis and SI joint • Evaluate the corresponding images 	<ul style="list-style-type: none"> • Exams • Lab practical
		<ul style="list-style-type: none"> • Perform the different positions for bony thorax • Indications for each radiograph 	<p>You will be able to:</p> <ul style="list-style-type: none"> • Perform different radiographic positioning of the bony thorax • Identify the radiographic anatomy to corresponding images • Evaluate the corresponding images 	<ul style="list-style-type: none"> • Exams • Lab practical
		<ul style="list-style-type: none"> • Perform the different positions for chest • Indications for each radiograph 	<p>You will be able to:</p> <ul style="list-style-type: none"> • Perform different radiographic positioning of the chest • Identify the radiographic anatomy to corresponding images • Evaluate the corresponding images 	<ul style="list-style-type: none"> • Exams • Lab practical
		<ul style="list-style-type: none"> • Perform the different positions for abdomen • Indications for each radiograph 	<p>You will be able to:</p> <ul style="list-style-type: none"> • Perform different radiographic positioning of the abdomen • Identify the radiographic anatomy to corresponding images • Evaluate the corresponding images 	<ul style="list-style-type: none"> • Exams • Lab practical

ACADEMIC SUPPORT

It is The Hashemite University policy to provide educational opportunities that ensure fair, appropriate and reasonable accommodation to students who have disabilities that may affect their ability to participate in course activities or meet course requirements. Students with disabilities are encouraged to contact their Instructor to ensure that their individual needs are met. The University through its Special Need section will exert all efforts to accommodate for individual's needs.

COURSE REGULATIONS

Participation

Class participation and attendance are important elements of every student's learning experience at The Hashemite University, and the student is expected to attend all classes. A student should not miss more than 15% of the classes (more than 4 classes for Tuesday lectures, and 2 labs) during a semester. *Those exceeding this limit of 15% will receive a failing grade regardless of their performance.* It is a student's responsibility to monitor the frequency of their own absences. **Attendance record begins on the first day of class irrespective of the period allotted to drop/add and late registration. It is a student's responsibility to sign-in; failure to do so will result in a non-attendance being recorded.**

In exceptional cases, the student, with the instructor's prior permission, could be exempted from attending a class provided that the number of such occasions does not exceed the limit allowed by the University. The instructor will determine the acceptability of an absence for being absent. A student who misses more than 25% of classes and has a valid excuse for being absent will be allowed to withdraw from the course.

Plagiarism

Plagiarism is considered a serious academic offence and can result in your work losing marks or being failed. HU expects its students to adopt and abide by the highest standards of conduct in their interaction with their professors, peers, and the wider University community. As such, a student is expected not to engage in behaviours that compromise his/her own integrity as well as that of the Hashemite University.

Plagiarism includes the following examples and it applies to all student assignments or submitted work:

- **Use of the work, ideas, images or words of someone else without his/her permission or reference to them.**
- **Use of someone else's wording, name, phrase, sentence, paragraph or essay without using quotation marks.**
- **Misrepresentation of the sources that were used.**

The instructor has the right to fail the coursework or deduct marks where plagiarism is detected

Late or Missed Assignments

In all cases of assessment, students who fails to attend an exam, class project or deliver a presentation on the scheduled date without prior permission, and/or are unable to provide a medical note, will automatically receive a fail grade for this part of the assessment.

- Submitting a term paper on time is a key part of the assessment process. Students who fail to submit their work by the deadline specified will automatically receive a 10% penalty. Assignments handed in more than 24 hours late will receive a further 10% penalty. Each subsequent 24 hours will result in a further 10% penalty.
- In cases where a student misses an assessment on account of a medical reason or with prior permission; in line with university regulations an incomplete grade for the specific assessment will be awarded and an alternative assessment or extension can be arranged.

Student Complaints Policy

Students at The Hashemite University have the right to pursue complaints related to faculty, staff, and other students. The nature of the complaints may be either academic or non-academic. For more information about the policy and processes related to this policy, you may refer to the students' handbook.

COURSE ASSESSMENT

Course Calendar and Assessment

Students will be graded through the following means of assessment and their final grade will be calculated from the forms of assessment as listed below with their grade weighting taken into account. The criteria for grading are listed at the end of the syllabus

Assessment	Grade Weighting	Deadline Assessment
First Exam	20%	
Second Exam	20%	
Lab assessment	20%	
Final Exam	40%	University schedule

Description of Exams

Test questions will predominately come from material presented in the lectures. Semester exams will be conducted during the regularly scheduled lecture period. Exam will consist of a combination of multiple choice, short answer, match, true and false and/or descriptive questions.

Quizzes: Unannounced quizzes will be given during or/and at the end of each chapter based upon the previous lectures. It will enforce that you come prepared to the class.

No make-up exams, homework or quizzes will be given. Only documented absences will be considered as per HU guidelines. Grades are not negotiable and are awarded according to the following criteria:

Letter Grade	Description	Grade Points
--------------	-------------	--------------

A+	Excellent	4.00
A		3.75
A-		3.50
B+	Very Good	3.25
B		3.00
B-		2.75
C+	Good	2.50
C		2.25
C-		2.00
D+	Pass	1.75
D	Pass	1.50
F	Fail	0.00
I	Incomplete	-

WEEKLY LECTURE SCHEDULE AND CONTENT DISTRIBUTION

“Lecture hours and weeks are approximate and may change as needed”

Note: For Radiological Imaging Procedures (1) course with 2 lecture periods per week (T/TH), one lecture period covers 1 lecture hours (50 minutes). The course content that will be included in exams.

Chapter 1	Introduction	Week 2	2 lecture hours
Chapter 2	Upper extremity	Week 3-6	8 lecture hours
Chapter 3	Lower extremity	Week 7-9	6 lecture hours
Chapter 4	Bony thorax anatomy and radiography	Week 10	2 lecture hours
Chapter 5	Chest anatomy and radiography	Week 11	2 lecture hours
Chapter 6	Abdomen radiography	Week 12	2 lecture hours
	Review	Week 13	2 lecture hours
	Lab assessment	Week 14 -15	
University Exams		Week 16	

ASSESSMENT RUBRICS

Classroom Participation: Oral Presentation

Classroom Participation: Assessment Criteria

Criteria	Quality				Score
	Excellent (4 points)	Good (3 points)	Satisfactory (2 points)	Needs Improvement (1 points)	

<p>Degree to which student integrates course readings into classroom participation</p>	<p>- often cites from readings ; - uses readings to support points; - often articulates "fit" of readings with topic at hand.</p>	<p>-occasionally cites from readings; - sometimes uses readings to support points; -occasionally articulates "fit" of readings with topic at hand .</p>	<p>-rarely able to cite from readings; -rarely uses readings to support points; -rarely articulates "fit" of readings with topic at hand</p>	<p>-unable to cite from readings; -cannot use readings to support points; cannot articulate "fit" of readings with topic at hand .</p>	
<p>Interaction / participation in classroom discussions</p>	<p>-always a willing participant, responds frequently to questions; - routinely volunteers point of view .</p>	<p>-often a willing participant, -responds occasionally to questions; -occasionally volunteers point of view .</p>	<p>-rarely a willing participant, -rarely able to respond to questions; - rarely volunteers point of view .</p>	<p>-never a willing participant., - never able to respond to questions; - never volunteers point of view .</p>	
<p>Interaction /participation in classroom learning activities</p>	<p>-always a willing participant; -acts appropriately during all role plays; -responds frequently to questions; -routinely volunteers point of view.</p>	<p>-often a willing participant; -acts appropriately during role plays; - responds occasionally to questions; -occasionally volunteers point of view.</p>	<p>-rarely a willing participant. -occasionally acts inappropriately during role plays; - rarely able to respond to direct questions; -rarely volunteers point of view .</p>	<p>-never a willing participant -often acts inappropriately during role plays;, -never able to respond to direct questions; - never volunteers point of view.</p>	
<p>Demonstration of professional attitude and demeanor</p>	<p>-always demonstrates commitment through thorough preparation; -always arrives on time; -often solicits instructors' perspective outside class.</p>	<p>- rarely unprepared; rarely arrives late; -occasionally solicits instructors' perspective outside class .</p>	<p>-often unprepared; occasionally arrives late; - rarely solicits instructors' perspective outside class .</p>	<p>-rarely prepared; - often arrives late; -never solicits instructors' perspective outside class</p>	

Element	Excellent			Satisfactory			Needs Improvement			Points
	8	7	6	5	4	3	2	1	0	
Organization	<ul style="list-style-type: none"> There is a logical sequence of information. Title slide and closing slide are included appropriately. 			<ul style="list-style-type: none"> There is some logical sequence of information. Title slide and closing slides are included. 			<ul style="list-style-type: none"> There is little or no logical sequence of information. Title slide and/or closing slides are not included. 			
Slide Design (text, colors, background, illustrations, size, titles, subtitles)	<ul style="list-style-type: none"> Presentation is attractive and appealing to viewers. 			<ul style="list-style-type: none"> Presentation is somewhat appealing to viewers. 			<ul style="list-style-type: none"> Little to no attempt has been made to make presentation appealing to viewers. 			
Content	<ul style="list-style-type: none"> Presentation covers topic completely and in depth. Information is clear, appropriate, and accurate. 			<ul style="list-style-type: none"> Presentation includes some essential information. Some information is somewhat confusing, incorrect, or flawed. 			<ul style="list-style-type: none"> Presentation includes little essential information. Information is confusing, inaccurate, or flawed. 			
Language	<ul style="list-style-type: none"> Spelling, grammar, usage, and punctuation are accurate Fluent and effective 			<ul style="list-style-type: none"> There are minor problems in spelling, grammar, usage, and/or punctuation. 			<ul style="list-style-type: none"> There are persistent errors in spelling, grammar, usage, and/or punctuation. Less or not fluent and effective. 			
Delivery	<ul style="list-style-type: none"> Ideas were communicated with enthusiasm, proper voice projection and clear delivery. There was sufficient eye contact with audience. There were sufficient use of other non-verbal communication skills. Appropriate delivery pace was used. 			<ul style="list-style-type: none"> There was some difficulty communicating ideas due to voice projection, lack of preparation, incomplete work, and/or insufficient eye contact. Insufficient use of non-verbal communication skills. Delivery pace is somewhat appropriate. 			<ul style="list-style-type: none"> There was great difficulty communicating ideas due to poor voice projection, lack of preparation, incomplete work, and/or little or no eye contact. No use of non verbal communication skills. 			

			<ul style="list-style-type: none"> Inappropriate delivery pace was used. 	
Interaction with Audience	<ul style="list-style-type: none"> Answers to questions are coherent and complete. Answers demonstrate confidence and extensive 	<ul style="list-style-type: none"> Most answers to questions are coherent and complete. Answers somehow demonstrate confidence and 	<ul style="list-style-type: none"> Answers to questions are neither coherent nor complete. Is tentative or unclear in 	

	knowledge.	extensive knowledge.	responses.
