

The Hashemite University – Second Semester 2017-2018
Faculty of Economics and Administrative Sciences
Department of Accountancy

Course Title: Intermediate Accounting (2)

Course Code: 202204

Instructor Name	Office Hours	Room	e-mail
Dr. Munther Al-Nimer		Econ. 304	

Course Description:

Intermediate accounting course represents an intensive study and application of the International Financial Reporting Standards (IFRS) for asset and liability valuation, equity, income measurement, and financial statement presentation for business organizations, and the processes through which these principles evolve. The course covers in detail topics that are essential to preparing, reading, understanding, interpreting, and using financial statements that are prepared in accordance with (IFRS).

Also, this course studies in details some elements of the three financial statements, including: equity components, revenue, income tax, securities, leases & accounting changes, in addition of cash flow statement.

Required Text Book:

Kieso, D.E., J.J.Weygandt, and T.D.Warfield. September 2014, ©2015. **Intermediate Accounting: IFRS Edition, 2nd Edition**, John Wiley and Sons, Inc. New York.
