Course Objectives

The primary objective of this course is to familiarize students with the basic concepts and principles of public relations. It is the foundation course for other courses in public relations and a supplemental course for students majoring in communications studies. At the end of the course students should have attained knowledge and understanding of the following central concepts:

- The role and functions of public relations in an industrialized society.
- The historical evolution of public relations, career opportunities in the field, and professional/ethical/legal responsibilities.
- An understanding of public relations activity in firms, social agencies, trade organizations, government, education, sports and entertainment.
- The basic process of public relations — research, planning, communication,
- Evaluation — and the use of communications strategies to achieve organizational goals.
- Concepts of public relations, audience analyses, and persuasion.
- Practical guidelines for utilizing written, spoken, and visual techniques to reach the selected audience.
