---

### **Course Description:**

This course is planned to present an understanding of basic concepts of the **Lodging Management**. It demonstrates what students need to know about lodging management. The real challenge in this course is to have not only a sound knowledge of the food preparation principles but also the ability to apply the gained knowledge in a fruitful manner in the actual world of the hotel and hospitality industry.

### **Course Objectives:**

After completion this course, students should be able to

1. To describe the lodging industry concept
2. To explain how individual hotel properties in the lodging industry are classified
3. To explain how the lodging industry measures its success
4. Understand the Structure of the Lodging Industry
5. To define quality and review its impact upon the level of service provided by a lodging property.
6. To describe in detail the five major parts of a hotel general manager's job.
7. To explain the main activities that occurs in a hotel's front office.
8. To identify the areas of responsibility assigned to the housekeeping department of a lodging facility

### **Assessment:**
