The Hashemite University

Deanship of Academic Development and International Outreach

عمادة التطوير الأكاديمي والتواصل الدولي

Syllabus*: Pharmacoeconomics (131702545)

Second Semester 2021 /2022

COURSE INFORMATION				
Course Name: Pharmaceutical Project Management	Course Code: 131702473			
(PPM)	Section:			
Semester: 2 nd	Core Curriculum:			
Department: Department of Clinical				
Pharmacy and Pharmacy Practice				
Faculty: Pharmacy				
Day(s) and Time(s):	Credit Hours: 1			
Sunday – Tuesday: 11:30-12:30	Prerequisites:			
Classroom / Online	Introduction Pharmaceutical Management and Marketing 131702473			

COURSE DESCRIPTION

This course is an online course, where all lectures, exercise and homework's are available in audio – video mode to students .

With the recent development in health care systems and its subsequent models, there is an increase demand to manage the cost and its related aspects in health care management and medication use. Recently, Pharmacoeconomics has been considered as main branch to evaluate medication production and proper use. This course will introduce the theories and applications related to Pharmacoeconomics.

هذه المادة عبارة عن مساق ألكتروني عبر الإنترنت ، حيث تتوفر جميع المحاضرات والتمارين والواجبات المنزلية بشكل فيديو للطلاب.

مع التطور الأخير في أنظمة الرعاية الصحية ونماذجها المتزايدة ، هناك اهتمام متزايد لإدارة التكلفة والجوانب المتعلقة بها في إدارة الرعاية الصحية واستخدام الأدوية. في الآونة الأخيرة ، تم اعتبار اقتصاديات الدواء كفرع رئيسي لتقييم إنتاج الدواء والاستخدام السليم. يقدم هذا المساق النظريات والتطبيقات المتعلقة باقتصاديات الدواء.

DELIVERY METHODS

The course will be delivered through a combination of active learning strategies. These will include:

- Lecture notes
- Relevant films and documentaries
- Video lectures
- E-learning resources: e-reading assignments and practice quizzes through Model and Microsoft Team
- Reference Books

FACULTY INFORMATION		
Name	Mohanad Odeh	
Academic Title:	Assistant Professor	
Office Location:	Pharmacy School	
Telephone Number:		
Email Address:		
Office Hours:	Sunday 11:.00-13:00 Tuesday 11:00 13.00 Monday 13:00 – 13:30 Wednesday 13:00 – 13:30 Please send an e-mail Mohanad_odeh@hu.edu.jo.

STUDENT LEARNING OUTCOMES MATRIX*

Field According to JNQF	Core Curriculu m Learning Outcomes	B.Sc Pharmacy Program Learning Outcomes	Course Objectives	Course Student Learning Outcomes	Assessment Method
-------------------------------	------------------------------------	---	-------------------	-------------------------------------	----------------------

Knowledge	Domain 1 (A) Foundation al Knowledge.	Domain 1 (A) 1.1 Learner (Learner) - Develop, integrate, and apply knowledge.	 Introduce the proper definitions of Pharmacoeconomics . Create awareness about the need of such kind of science 	Student will demonstrate understanding of the rationale and importance of pharmacoeconomic (PE) analyses. Students will be introduced to the Economic, Clinical and Humanistic outcomes.	Exams "On-line' reading assignments
Skills	Domain 2 (B) Essentials for Practice and Care	2.1. Patient- Customer centred care (Caregiver) 2.2 Medication use systems management (Manager) 2.3 Health and wellness (Promoter) 2.4 Population-based care (Provider)	Illustrate the different aspects related to the term (cost) and aspects related to (consequences).	1. Student will develop skills to drive the relevant cost and revenue streams needed to conduct a pharmacoeconomic analysis. 2. Students will develop skills to deal with cost related aspects as (Cost Vs Charge Cost and time — Discounting concepts and the Incoterms 3. Students will be able to developing an appreciation of the links between economic evaluation in health services.	 Exam "On-line" reading assignments
Skills	Domain 3 (C) Approach to Practice and Care	Being trained to be able to act as Educator, Advocate, Collaborator, Includer and Communicator	Student will apply the concepts learnt in the analysis of existing health care policy and health commission	1) Compare between the main four methods, which are used in Pharmacoeconomics: Cost Minimization, Cost benefit, Cost effectiveness and Cost utility. 2) Introduce some advance models as Markov Analysis, Decision trees and other Simulation models.	 Exams On line reading
Competencies	Domain 4 (D) Personal	Transfer skills to enhance self-awareness,	Establish the professional and practical application of	Students will gain proper skills in evaluating/developin	Shared Filed examplesExams

ACADEMIC SUPPORT

It is The Hashemite University policy to provide educational opportunities that ensure fair, appropriate and reasonable accommodation to students who have disabilities that may affect their ability to participate in course activities or meet course requirements. Students with disabilities are encouraged to contact their Instructor to ensure that their individual needs are met. The University through its Special Need section will exert all efforts to accommodate for individual's needs.

COURSE REGULATIONS

Participation

Class participation and attendance are important elements of every student's learning experience at The Hashemite University, and the student is expected to attend all classes. A student should not miss more than 15% of the classes during a semester. Those exceeding this limit of 15% will receive a failing grade regardless of their performance. It is a student's responsibility to monitor the frequency of their own absences. Attendance record begins on the first day of class irrespective of the period allotted to drop/add and late registration. It is a student's responsibility to sign-in; failure to do so will result in a non-attendance being recorded.

In exceptional cases, the student, with the instructor's prior permission, could be exempted from attending a class provided that the number of such occasions does not exceed the limit allowed by the University. The instructor will determine the acceptability of an absence for being absent. A student who misses more than 25% of classes and has a valid excuse for being absent will be allowed to withdraw from the course.

Plagiarism

Plagiarism is considered a serious academic offence and can result in your work losing marks or being failed. HU expects its students to adopt and abide by the highest standards of conduct in their interaction with their professors, peers, and the wider University community. As such, a

student is expected not to engage in behaviours that compromise his/her own integrity as well as that of the Hashemite University.

Plagiarism includes the following examples and it applies to all student assignments or submitted work:

- Use of the work, ideas, images or words of someone else without his/her permission or reference to them.
- Use of someone else's wording, name, phrase, sentence, paragraph or essay without using quotation marks.
- Misrepresentation of the sources that were used.

<u>The instructor has the right to fail the coursework or deduct marks where plagiarism is detected</u>

Late or Missed Assignments

In all cases of assessment, students who fails to attend an exam, class project or deliver a presentation on the scheduled date without prior permission, and/or are unable to provide a medical note, will automatically receive a fail grade for this part of the assessment.

- Submitting a term paper on time is a key part of the assessment process. Students who fail to submit their work by the deadline specified will automatically receive a 10% penalty.
 Assignments handed in more than 24 hours late will receive a further 10% penalty. Each subsequent 24 hours will result in a further 10% penalty.
- In cases where a student misses an assessment on account of a medical reason or with prior permission; in line with University regulations an incomplete grade for the specific assessment will be awarded and an alternative assessment or extension can be arranged.

Student Complaints Policy

Students at The Hashemite University have the right to pursue complaints related to faculty, staff, and other students. The nature of the complaints may be either academic or non-academic. For more information about the policy and processes related to this policy, you may refer to the students' handbook.

COURSE ASSESSMENT

Course Calendar and Assessment

Students will be graded through the following means of assessment and their final grade will be calculated from the forms of assessment as listed below with their grade weighting taken into account. The criteria for grading are listed at the end of the syllabus

Assessment	Grade Weighting	Deadline
		Assessment

Exam 1	20%	1 st exams period
Exam 2	20%	2 nd Exams
Quizzes	10%	Before 1 st exam
Homework–project	10%	Before Final exam
Final Exam (3)	40%	Add date/time

Description of Exams

Each Exam followed by two types of analysis: **<u>Difficulty</u>** and **<u>Discrimination</u>** coefficients

Distribution of questions would be managed to target different levels of students: Basic, Acceptance, Good, Very good and Excellent.

Test questions will predominately come from material presented in the lectures.

Semester exams will be conducted during the regularly scheduled lecture period.

Exam will consist of a combination of multiple choice, short answer, match, true and false and/or descriptive questions.

Homework – Projects

Will be given when it is applicable. Factor as level of class interactions and number of students for each class will be considered.

Students are expected to work on chapter examples, self-tests and chapter problems. When possible group based project may be requested from students.

Quizzes: Will be given when it is applicable. Factor as level of class interactions and number of students for each class will be considered.

Unannounced quizzes will be given during or/and at the end of each chapter based upon the previous lectures. It will enforce students to be prepared to the class.

No make-up exams, homework or quizzes will be given. Only documented absences will be considered as per HU guidelines.

Grades are not negotiable and are awarded according to the following criteria*:

Letter Grade	Description	Grade Points
A+	Excellent	4.00

А		3.75
A-		3.50
B+	Very Good	3.25
В		3.00
B-		2.75
C+	Good	2.50
С		2.25
C-		2.00
D+	Pass	1.75
D	Pass	1.50
F	Fail	0.00
I	Incomplete	-
