COURSE INFORMATION	
Course Title : Pharmacotherapy case study (2) (face-to-face education) Semester: first Department: Clinical Pharmacy & Pharmacy Practice Faculty: Pharmaceutical Sciences	Course Code: 131702567 Section: according to the semester Core Curriculum: 2013 Study Plan
Day(s) and Time(s): according to the course time table Classroom: according to the course time table	Credit Hours: 1 Prerequisites: 131702566 or concurrent
COURSE DESCRIPTION	
<p>This course discusses patient case studies related to the topics covered in pharmacotherapy 1. It aims to help pharmacy students develop their critical thinking and problem-solving skills to identify and resolve drug therapy problems. By practicing developing case studies, students are actively engaged in the learning process, and patients' pharmacotherapeutic care plans for the patient self-study and learning, decision-making process, oral communication and teamwork skills. developing their self-confidence,</p>	

DELIVERY METHODS

The course will be delivered through a combination of active learning strategies.

These will include:

- Seminars in Groups (oral presentation power point) and a ctive classroom-based discussion of clinical cases. These seminars are designed to provide the student with the opportunity to apply his/her knowledge to a specific case, develop problem-solving skills and to further his/her comprehension on the topic. The seminars require the student to think about what he/she has learned and to discover how to apply his/her knowledge in solving drug-therapy problems. The primary role of the Small Group Seminar Facilitator is to coordinate this discussion, provide leadership to the students in the seminar, encourage the students to express themselves and ask questions, and ensure that any misconceptions are clarified.
- Care plan sheets, problem based learning (PBL) group work, team-based learning, and assignments.
- Practical training on Medical devices tools relevant to the topic to be discussed, e.g: sphygmomanometer digital and manual, blood glucose meter, nebulizer, inhalers..ect.
- Relevant videos and documents.
- Brochures and cards for patients and staff education including patients education and counselling
- E-learning resources: e-reading assignments and practice quizzes through Model and Microsoft Team

COURSE REGULATIONS

Participation

Class participation and attendance are important elements of every student's learning experience at The Hashemite University, and the student is expected to attend all classes. A student should not miss more than 15% of the classes during a semester. *Those exceeding this limit of 15% will receive a failing grade regardless of their performance.* It is a student's responsibility to monitor the frequency of their own absences. **Attendance record begins on the first day of class irrespective of the period allotted to drop/add and late registration. It is a student's responsibility to sign-in; failure to do so will result in a non-attendance being recorded.**

In exceptional cases, the student, with the instructor's prior permission, could be exempted from attending a class provided that the number of such occasions does not exceed the limit allowed by the University. The instructor will determine the acceptability of an absence for being absent. A student who misses more than 25% of classes and has a valid excuse for being absent will be allowed to withdraw from the course.

Plagiarism

Plagiarism is considered a serious academic offence and can result in your work losing marks or being failed. HU expects its students to adopt and abide by the highest standards of conduct in their interaction with their professors, peers, and the wider University

community. As such, a student is expected not to engage in behaviours that compromise his/her own integrity as well as that of the Hashemite University.

Plagiarism includes the following examples and it applies to all student assignments or submitted work:

- **Use of the work, ideas, images or words of someone else without his/her permission or reference to them.**
- **Use of someone else's wording, name, phrase, sentence, paragraph or essay without using quotation marks.**
- **Misrepresentation of the sources that were used.**

The instructor has the right to fail the coursework or deduct marks where plagiarism is detected

Late or Missed Assignments

In all cases of assessment, students who fails to attend an exam, class project or deliver a presentation on the scheduled date without prior permission, and/or are unable to provide a medical note, will automatically receive a fail grade for this part of the assessment.

- Submitting a term paper on time is a key part of the assessment process. Students who fail to submit their work by the deadline specified will automatically receive a 10% penalty. Assignments handed in more than 24 hours late will receive a further 10% penalty. Each subsequent 24 hours will result in a further 10% penalty.
- In cases where a student misses an assessment on account of a medical reason or with prior permission; in line with University regulations an incomplete grade for the specific assessment will be awarded and an alternative assessment or extension can be arranged.

Student Complaints Policy

Students at The Hashemite University have the right to pursue complaints related to faculty, staff, and other students. The nature of the complaints may be either academic or non-academic. For more information about the policy and processes related to this policy, you may refer to the students' handbook.

COURSE ASSESSMENT

Course Calendar and Assessment

Students will be graded through the following means of assessment and their final grade will be calculated from the forms of assessment as listed below with their grade weighting taken into account. The criteria for grading are listed at the end of the syllabus

Assessment	Grade Weighting	Deadline Assessment
Seminar (case study discussion)	20%	Every week
Mid-term examination	30%	The 8 th week
Care plan sheet	10%	The 13 th week
Final exam	40%	The 14 th week

Description of Exams

Test questions will predominately come from material presented in the lectures. Semester exams will be conducted during the regularly scheduled lecture period. Exam will consist of a combination of multiple choice, short answer, match, true and false and/or descriptive questions.

Homework: Will be given for each chapter, while the chapter in progress you are supposed to work on them continuously and submit in next lecture when I finish the chapter.

You are also expected to work on in-chapter examples, self-tests and representative number of end of chapter problems. The answers of self-tests and end of chapter exercises are given at the end of the book.

Quizzes: Unannounced quizzes will be given during or/and at the end of each chapter based upon the previous lectures. It will enforce that you come prepared to the class.

No make-up exams, homework or quizzes will be given. Only documented absences will be considered as per HU guidelines.

Grades are not negotiable and are awarded according to the following criteria*:

Letter Grade	Description	Grade Points
A+	Excellent	4.00
A		3.75
A-		3.50
B+	Very Good	3.25
B		3.00
