

The Hashemite University

Faculty of Nursing (FON)

Course Syllabus

Course Name

Adult Health Nursing I / Theory

Course Number

1907021241

FACULTY OF NURSING (FON) COURSE SYLLABUS

DEPARTMENT: Adult Heath Nursing

[First Semester 2022-2023]

The Mission of The Hashemite University

The Hashemite University as a youthful and prominent higher education institution is committed to actively participate in achieving the goals of the comprehensive national development through preparing loyal men and women who are not only technically competent in their professional fields, but also life-long learners who have a breadth vision, loyalty to their nation, and a sense of civic and moral responsibility and a devotion to the fundamental values of human life.

The Vision of The Faculty of Nursing

The Faculty of Nursing will be a benchmark in nursing education and research at the national and international levels. Our graduates will be creative, skillful, caring, knowledgeable nurses who will lead for excellence in health care and health promotion of individuals, families and communities in collaboration with other health disciplines.

The Mission of The Faculty of Nursing

To offer a quality undergraduate program in nursing that prepare life-long competent, skillful, and adaptive leaders to develop, disseminate, and perform latest evidence- based quality nursing knowledge in promoting and protecting the health and well-being of all individuals, families and communities, improving nursing profession and developing health care system.

Core Values of The Faculty of Nursing

Our values are derived from the Islamic Arabic heritage and the nursing profession which include:

Respect, Integrity, Professionalism, Caring, Excellence, Leadership Discipline.

1	Course Title	Adult Health Nursing I / Theory
2	Course Number	1907021241
	Credit Hours (theory, practical)	4 Credit Hours / Week
3	Contact Hours (theory, practical)	Two theoretical lectures / week
		Two hours for each lecture
4.	Time / Class Room	10 am – 12 pm /
		12pm -2pm / 319
_	Prerequisites/co-requisites	Health Assessment / Clinical 150702216 or
5.		concurrent
		& Pathophysiology 150702281 or concurrent
6.	Program Title	Bachelor Degree in Nursing
7.	Awarding Institution	The Hashemite University
8.	School	Faculty of Nursing
9.	Department Adult Heath Nursing	
10.	Level of Course	2 nd Year
11.	Other department(s) involved in	None
	teaching the course	
12.	Language of Instruction	English
12	Taranta a (Arabba) Mada da	⊠Face to face □Blended (Face to face + Online
13.	Learning (teaching) Methods	learning)
	If the course blended or full online;	☐ 2+1: 2 Synchronous and 1 Asynchronous
14.	Forms (models) of Learning	☐ 1+2: 1 Synchronous and 2 Asynchronous
	(See Teaching Methods)	□1+1: 1 Synchronous and 1 Asynchronous

Faculty Member:	Dr. Nijmeh Al-Atiyyat (Course coordinator)
Office Number	Office1086
Office Hours:	Sunday 9:00-10:00 & Tuesday 2-3
Office Location:	First floor - Adult Heath Nursing Department - FON
Phone Number:	+962 (5) 390 3333 Ext: 5462
Email:	nijmeh@hu.ed.jo

Course Coordinator:	Dr. Nijmeh Al-Atiyyat (Course coordinator)
Office Number	Office1086
Office Hours:	Sunday 9:00-10:00 & Tuesday 2-3
Office Location:	First floor - Adult Heath Nursing Department - FON
Phone Number:	+962 (5) 390 3333 Ext: 5462
Email:	nijmeh@hu.ed.jo

Other Instructors:	Associate Professor. Ala Ashour , Ph.D., MSN, RN
Office Number	1090
Office Hours:	Sunday 12-2 & Tuesday 9-10
Office Location:	1st floor- Adult Heath Nursing Department - FON
Phone Number:	00962 (5) 390 3333 Ext: 5453
Email:	aashour76@hu.edu.jo

17. Course Description

This is a full face to face learning theory based course builds on the basic knowledge and skills of the Fundamentals of Nursing Courses. It prepares the student to use the nursing process in caring for adults with basic and commonly occurring health care needs. Emphasis is placed on the role of the professional nurse in the assessment of the patients' condition, planning of nursing care, nursing intervention, and evaluation of care in both medical and surgical settings. Theoretical content includes the basic terminology, common causes, specific diagnostic procedures, and nursing management of each specific alteration in health. Students are required to use critical thinking and problembased learning techniques to utilize theoretical knowledge in the management of real-life clinical situations related to adult health in the acute health care settings.

18. Course general Objective and Outcomes:

A- General objective:

The objective of this course is to introduce students to the concept of advanced nursing care and conditions that affect the functional health patterns of adult patients.

B- Student Learning Outcomes (SLOs): Upon successful completion of this course, students will be able to...

[
	Student Learning Outcomes (SLO's)		
	ocess to promote health, prevent diseases and provide holistic care		
Specific Course Objectives	 Identify relevant terms pertinent to the alterations in the functional health patterns of adult patients diagnosed with electrolyte imbalances, respiratory, cardiovascular, digestive and gastrointestinal disorders and hepatic and biliary dysfunction. Apply the nursing process and critical thinking skills to promote a professional, safe and holistic care for adults with alteration in electrolyte imbalances, respiratory, cardiovascular, digestive and gastrointestinal disorders and hepatic and biliary dysfunction. Integrate relevant research findings in the care of adult clients and their families with alteration in electrolyte imbalances, respiratory, cardiovascular, digestive and gastrointestinal disorders and hepatic and biliary dysfunction. Integrate the concept of holistic care in dealing with adult clients and their families in various health care setting. Develop the skill of assessing adults with alterations in respiratory, cardiovascular, digestive and gastrointestinal disorders and hepatic and biliary dysfunction. 		
Relevant AACN Domains	Domain 1: Knowledge for Nursing Practice Domain 2: Person-Centered Care Domain 3: Population Health Domain 5: Quality & Safety Domain 9: Professionalism		
Relevant JNC Standard & Core-Competencies	1. Performance:Professional Practice, Holistic Care2. Knowledge:Evidence-Based Knowledge, Critical Thinking		
JNC Program Outcome Competencies	 Safe and effective care environment 35% Health Promotion\prevention and maintenance 15% Physiological Integrity 35% Psychosocial Integrity 10% Global health and health economics 5% 		
Evaluation Methods	 Multiple choice questions exam Case Presentation \ Seminar 		
SLO 2 : Demonstrate compete	ncy and safety in providing professional, ethical and evidence		

SLO 2: Demonstrate competency and safety in providing professional, ethical and evidence based nursing care to individuals, families and populations across life span and health continuum.

Specific Course Objectives	 Recognize the rights of individuals to choose their own values, practices, and life styles. Discuss the legal and ethical principles that influence the practice of professional nursing to provide optimal care to adult patients. Apply basic knowledge & skills principles for delivery of a safe and professional care of clients with alteration in electrolyte imbalances, respiratory, cardiovascular, digestive and gastrointestinal disorders and hepatic and biliary dysfunction. Develop the knowledge, skills, and attitudes needed to provide patient-centered care that is consonant with goals set through the quality and safety education for nurses.
	Domain 1: Knowledge for Nursing Practice
	Domain 2: Person-Centered Care
	Domain 3: Population Health
Relevant AACN Domains	Domain 4: Scholarship for Nursing Discipline
	Domain 5: Quality & Safety
	Domain 9: Professionalism
1. Performance:

Core-Competencies	2. Knowledge:
T	Evidence-Based Knowledge, Critical Thinking
	1. Safe and effective care environment 35%
INC Program Outcome	2. Health Promotion\prevention and maintenance 15%
JNC Program Outcome	3. Physiological Integrity 35%
competencies	4. Psychosocial Integrity 10%
	5. Global health and health economics 5%
Evaluation Methods	Multiple choice questions exam
Evaluation inethious	Case Presentation \ Seminar
SLO 3: Demonstrate critical the	ninking and problem-solving skills in clinical decision making,
i e e e e e e e e e e e e e e e e e e e	valuating evidence based nursing practice.
Specific Course Objectives	 Identify appropriate and priority nursing diagnoses related to the conditions of alterations in with fluid and electrolyte, respiratory, cardiovascular, digestive and gastrointestinal, and hepatic and biliary systems. Utilize nursing science and diagnostic reasoning in theory-based nursing care of individual adult clients. Apply critical thinking and problem-solving skills in delivering nursing care of clients with alteration in electrolyte imbalances, respiratory, cardiovascular, digestive and gastrointestinal disorders and hepatic and
	 biliary dysfunction. Apply the process, principles and strategies of problem-solving and decision making in nursing.

	 Relate research findings to describe nursing interventions grounded on evidence-based practice. Develop critical thinking skills and promote clinical confidence and competence in delivering nursing care of clients with alteration in electrolyte imbalances, respiratory, cardiovascular, digestive and gastrointestinal disorders and hepatic and biliary dysfunction. Formulate goals and outcome criteria for evaluating the effectiveness of nursing interventions for clients with alterations in physiological functioning.
Relevant AACN Domains	 Domain 1: Knowledge for Nursing Practice Domain 2: Person-Centered Care Domain 4: Scholarship for Nursing Discipline Domain 5: Quality and Safety
Relevant JNC Standard & Core-Competencies	1. Performance2. Knowledge:Evidence-Based Knowledge, Critical Thinking

19. Teaching Methods and Assignments:

Teaching Methodologies:

The following approaches that are guided by *Adult Learning Theory* will be used to achieve course objectives and related to the SLOs:

Instructional Methods	tional Methods	
	Evidence-based articles	
Indirect Instruction	Case Study-based method	
• maneet instruction	 Activities and tasks such as watching educational videos 	
	Literature searches and reviews	
	Interactive lectures that integrates group work, classroom	
	discussions, presentation, brainstorming, and guided discussion to	
	promote individual competencies in critical thinking, problem	
• Interactive Instruction	solving and clinical judgment.	
	Clinical Scenarios	
	Audio-visual aids	
	E-learning using Moodle and Microsoft teams	
Independent Study	Self-directed literature review and group-based written assignment	

20. Evaluation Methods and Course Requirements:

. Evaluation Methods	
Exams	Assigned Points
First Exam	30%
Second Exam	30%
Final Exam	40%
Total	100%

- 3. Library resources
- 4. Audiovisual aid and well equipped teaching halls

22. Grading Scale

I. Grading Scale						
Note. In-course assessment mark is provided in two decimal points and the final exam marks						
in one decimal.	in one decimal.					
Letter Grade	Numeric Value	Range	Description			
A+	4.00	> 88.0%	Exceptional performance			
A	3.75	84.0 – 87.9				
A ⁻	3.50	80.0 - 83.9				
B ⁺	3.25	76.0 - 79.9				
В	3.00	73.0 - 75.9	Very good performance			
B -	2.75	70.0 - 72.9				
C ⁺	2.50	65.0 - 69.9	Sadiofa da manafa managa			
С	2.25	60.0 - 64.9	Satisfactory performance			
C -	2.00	57.0 - 59.9				
D ⁺	1.75	54.0 - 56.9	Minimally acceptable performance			
D	1.50	50.0 - 53.9	Minimally acceptable performance			
F	0.0	< 50.0	Unacceptable performance			

23. Course Policies

Code of Ethics:

 Academic misconduct is defined as the use of any dishonest or deceitful means to gain some academic advantage or benefit. This can take many forms, including but not limited to, the following:

I. Examinations

- a. Copying, or attempting to copy, from another student's work, or permitting another student to copy from your work.
- b. Using notes of whatever kind in the formation of answers in a closed book examination.
- c. Impersonation of another student in an examination, seminar or other form of presentation.
- d. Disrupting the conduct of examinations by illegally obtaining access to examination papers or answers, and/or distribution of this material to others.

II. Assignements

- a. *Copying:* Copying another person's answers in a paper, assignment, essay, etc. and presenting it as if it were the student's own work.
- b. *Collusion:* Incorporating material into your work that was a results of working with others on an assignment which is intended to be an individual assignment.
- c. *Plagiarism:* Using the thoughts, ideas, words, results, etc., of another person in a written assignment, without recognizing the source, as if it were the student's own work.
- d. *Falsification:* altering data or Inventing data that have been obtained from legitimate sources

III. Forging University Documents

- Submitting or using forged academic documents or forged signatures for the purpose of personal gain or fraud. If a student commits an act of academic misconduct, whether defined above or of different nature, it may be documented and then one or more of the following penalties may be applied:
 - a. Written warning.
 - b. Deducting of an assignment or examination.
 - c. An 'Zero' grade given to the assignment or examination.
 - d. An 'F' grade given to the course.
 - e. Suspension from the University for a Specified Period.
 - f. Dismissal from the University.

Approved by the Faculty Board on February 20th, 2022

Attendance, Preparation, and Participation Policy

- A. It is the student's responsibility to attend all classes. Per the Hashemite University's rules and regulations, the student's total absences must not exceed 15% of the total class hours.
- B. Failure to attend classes without prior approval for whatever reason is considered as part of the percentage missed.
- C. Students bear full responsibility for checking their own attendance record. Attendance records are kept.
- D. Compulsory attendance is required for all in-course assessment and final examination. The examination will not be postponed for any student without an emergency reason or approved medical certificates.
- E. Compulsory participation in discussions, written assignments, use of case scenarios and e-learning. Moodle) is expected to complete the course requirements.
- F. Students should interact with the teacher on Moodle for discussion related to the content taught in the classroom. Students should register for the course work on Moodle and use it frequently for the teaching learning sessions and instructions. The students should actively involve in these interactive classroom and online learning sessions.
- G. Absenteeism: Students who remain absent should meet the Course Co-ordinator. Those who are sick will produce a medical certificate certified by the University's Medical Center and submit it.

Clinical Policies (if applicable)

- 1. **Attendance:** students are expected to attend all classes and practice days. If a student cannot attend a class session or practice day, the instructor must be notified prior to that. Per the Hashemite University's rules and regulations, the student's total absences must not exceed 15% of the total class hours. This is equal to one day clinical. Students are expected to take written and clinical exams when scheduled. If a student cannot attend a testing session, the faculty must be notified prior to the scheduled examination. Please refer to the Hashemite University's Student Handbook for further explanation. Also please note that it is a new university policy that if a student failed to take an examination as scheduled, there will be one make-up examination. A committee of three examiners will present the students with a set of oral and written essay type questions. Only students with acceptable reasons (i.e., urgent medical condition approved by the University Health Center, death of a first-degree relative, etc.) for absence will have the opportunity for a make-up examination.
- 2. **Practice:** There is a set of guidelines for practical training that will also be provided to each student on a separate sheet to keep with them at hospitals. These guidelines include:
- A. Practical training starts at 8:00 and ends at 2:00.
- B. The student has to manage his/her own transportation to the hospital except for those who will be trained in specific areas (will be announced), a university bus will be provided.
- C. The student has to wear the specified uniform and shoes at all times while at the hospital. The uniform must be clean and ironed properly.
- D. All students have to maintain a professional appearance. This includes shaving for male students who do not grow their beards, and a proper hair cut, and tied hair for female students, and for those who wear a scarf, it should not be left dangling.

- E. It is the student's responsibility to maintain good personal hygiene.
- F. Jean pants are not allowed as well as colored scarves other than cream or page.
- G. Students are not allowed to chew gum or smoke in the clinical areas.
- H. Students should have their break time as scheduled and shall not exceed that.
- I. The following items are prohibited at clinical training: bracelets, rings other than the wedding ring, high heels or sandals, nail polish, long nails, and improper make-up.
- J. Every student must have the following on a clinical day: a pocket-size note book, a pen, scissors, a torch, and a stethoscope.
- K. The student has to inform either the nurse in-charge or the instructor when leaving his/her assigned clinical area.
- L. Clinical seminar and case-studies will be started and ended according to the schedule. Students are expected to report to these learning activities on time.
- M. Students are expected to use proper communication skills and to be cooperative with their instructors, colleagues, and other health team members.

N. Students <u>Must NOT</u> perform the following:

- 1. Perform venipuncture.
- 2. Take verbal orders or phone orders from physicians or laboratory reports.
- 3. Act as a witness to signing of documents (surgical permits, etc.)
- 4. Carry medication/narcotic keys.
- 5. Give any medications IV push
- 6. Add anticoagulant or insulin to IV solutions.
- 7. Insert or remove intestinal decompression tubes.
- 8. Insert or remove small lumen feeding tubes such as feeding tubes

25. Additional information:

- 1. *Readiness for Learning:* Students are expected to come prepared to each class by reading the assigned material. They are also expected to actively participate in all class and clinical learning activities.
- 2. Academic Dishonesty. It is the philosophy of the Hashemite University that academic dishonesty is a completely unacceptable code of conduct and will not be tolerated in any form. All persons involved in academic dishonesty will be disciplined in accordance with university rules and procedures. Scholastic dishonesty includes but not limited to, cheating, plagiarism, collusion, or submission for credit of any work or material that is attributable in whole or part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.
- 3. **Conduct.** The Hashemite University's Student Guide details student conduct and responsibilities. It is expected that each student abide by these policies.
- 4. **Beepers/ Cell Phones.** Students are expected to turn beepers on vibrate/silent mode and cellular phones off during class.
- 5. **Religious Holydays.** All course instructors will abide by the university's policy on religious holy days. The Academic Calendar for 2021 2022 includes official University holidays. Therefore, requests to be excused from class to observe a religious holy day must be received in writing two weeks before.

Students with Special Needs. The Hashemite University makes reasonable accommodations for students with disabilities. Students with special needs should make arrangements with the Instructor to request accommodations.
